

RIA Climate Change Sciences Committee (CCSC)

Work Programme

1. During its four-year term, the Committee shall undertake:
 - a) One major conference, preferably with a policy focus. This might be undertaken in conjunction with another Academy Committee.
 - b) At least one statement per annum as a minimum.
 - c) Two seminars, colloquia, discourses, or public lectures. Interaction with other Academy Committees should be considered.
 - d) To engage with appropriate representatives of professional bodies, North and South.
2. Highlight the need for sustained funding for climate research and observing systems in Ireland.
3. Engage with the IGBP, as the National Committee for this Programme, and with other relevant international bodies.
